

Protocol for PLL Outcome Research

Internal Change Instruments are used to assess positive changes that PLL will make internally, or within the youth and family; changes such as decreased rule breaking behavior, decreased aggression, and conduct problems.

I. Internal Instruments

1. CHILD BEHAVIOR CHECKLIST – CBCL

- The CBCL is to be ordered directly from ASEBA at www.ASEBA.org.
- The CBCL/6-18 obtains parents' reports of children's competencies & problems.
- Latino Spanish CBCL/6-18 available.
- PACKAGE OF 50 FORMS FOR \$25.

2. FACES IV

- The FACES IV can be printed from the sample provided at no charge (Available in Spanish upon request)

3. READINESS SCALES

- The Readiness for Change Scales can be printed from the sample provided at no charge. (Available in Spanish upon request)

4. FAMILY FUNCTIONING ASSESSMENT – FFA

- The Family Functioning Assessment can be printed from the sample provided at no charge. (Available in Spanish upon request)

II. Who Completes the Internal Instruments?

1. CHILD BEHAVIOR CHECKLIST – CBCL

- The Parent/Caregiver will complete the pre and post test
- If both Parents/Caregivers are present, have them collaborate together to complete the pre and post test
- The same Parents/Caregivers must complete both the pre and the post test

2. FACES IV

- The Youth and Parent/Caregiver will complete the FACES IV pre and post test
- The same Youth and Parent/Caregiver must complete both the pre and the post test

3. READINESS SCALES

- The Youth will complete the “Youth version” pre, post, and post-post test
- The Parent/Caregiver will complete the “Caregiver version” pre, post, and post-post test
- The same Youth and Parent/Caregiver must complete both the pre and the post test

4. FAMILY FUNCTIONING ASSESSMENT – FFA

- The Youth will complete the “Youth version” pre, post, and post-post test
- The Parent/Caregiver will complete the “Caregiver version” pre, post, and post-post test
- The same Youth and Parent/Caregiver must complete both the pre and the post test

When to complete and turn send in the Pre, Post, Post-Post tests

Important for All Tests Administered:

- ✓ Be sure each instrument is clearly marked which test it is in terms of Pre, Post, or Post-Post.
- ✓ Be sure each instrument is dated.
- ✓ Be sure each instrument clearly indicates the youth it applies too.
- ✓ Be sure each instrument is completed entirely
